CAREER OBJECTIVE

Motivated Computer Science and Engineering graduate seeking an entry-level role in Software development, Data Scientist, or IT solutions. Passionate about leveraging programming, problem-solving, and analytical skills to contribute to high-quality software solutions and enhance user experience.

IT SKILLS

Programming Languages : Java, Python (Basic), SQL(Intermediate)

Web Technologies : HTML, CSS(Intermediate)

Database : MySQL

Development Tools : GitHub, Visual Studio Code, IntelliJ IDEA, PyCharm, Unity, Canva, Figma

PROJECTS

Online Parking Reservation System

MAY-2023

Developed an advanced Online Reservation System (ORS) designed to streamline booking processes for appointments, accommodations, and services. The system features user-friendly interfaces for both clients and administrators, real-time availability tracking, and secure payment processing.

Tools : Android Studio | Flutter | Figma | Firebase

AI Driven Petition Tracker - Aram AI

APRIL-2025

Developed an AI-driven system to track, analyze, and manage public petitions. Leveraging natural language processing and machine learning, the system automatically categorizes petitions, detects trending topics, and provides real-time insights to stakeholders. It enhances civic engagement by improving petition visibility, reducing manual processing, and supporting data-driven decision-making for public concerns.

Tools : Python | Firebase | MongoDB | AWS

EDUCATION

Excel Engineering College

B.E 2021-2025

Computer Science And Engineering

CGPA - 7.8

B.H.S.S Mavandiyur

HSC 2020-2021

PERCENTAGE : 88%

B.H.S.S Mavandiyur

SSLC 2019

PERCENTAGE : 95%

INTERNSHIPS

Maxlore Innovation LLP, Nelhkode PO. Kozhikode, Kerala

JAN-2023

Gained hands-on experience in Python programming and web development, collaborating on projects to enhance software solutions

Riss Technologies, Mavoor Road, Calicut, Kerala

JUNE-2023

Completed a Java internship, where I acquired practical experience in application development, code optimization, and debugging, while working with the team.

Pegasus Aerospace System, Erode, Tamil Nadu

MAY/JUNE-2023

Completed an online course in Artificial Intelligence and Machine Learning, gaining proficiency in key concepts such as data analysis, and algorithm development, and applying these skills to build and optimize predictive models.

Engineering Designers with Artistry Resource, Coimbatore

DEC/JAN-2024

Acquired skills in Web Development using PHP, focusing on building dynamic websites, managing databases, and implementing server-side scripting to enhance functionality and user experience.

Zephyr Technologies and Solutions Pvt. Ltd, Mangalore

JAN/MAR 2025

Developed and strengthened Data Science skills through hands-on experience in data analysis, machine learning algorithms, and visualization techniques, resulting in valuable insights and improved decision-making capabilities.

LANGUAGES

- Malayalam (R.W.S)
- English (R.W.S)
- Hindi (R.W.S)
- Tamil (S)

INTERPERSONAL SKILLS

Confident and Determined

Ability to express ideas clearly and effectively

Understanding and being sensitive to others' feelings and perspectives helps in building strong working relationships

AREAS OF INTEREST

- | | |
|--|-------------------------------------|
| • Software Testing & Quality Assurance | • Web Development(Front-end) |
| • Cybersecurity & Data Protection | • Software Development & Automation |
| • Database Management & Optimization | |

DECLARATION

I hereby declare that all the details shown above are true to the best of my knowledge.
